

**MOZAMBIQUE - MC&A represents an international company in one of the biggest mangrove restoration projects in the world.**

Marques da Cruz & Associados (**MC&A**) assisted the company Blue Forest Technologies in the incorporation of the corporate structure necessary to implement, in Mozambique, a mangrove restoration project which will cover more than 160.000 hectares and will be one of the world's biggest initiatives in the area.

**MC&A** has assisted in the incorporation of several companies necessary to initiate the project, as well as in the preparation of the correspondent shareholders agreements and guarantees.
